

Desperation #5

Scott Weiland

Desperation #5

She takes a swim then takes a dive

She takes a swing and she can hit

Muddy water dirty ditch

Take a swim and walk with me

Make a steal, the Christmas Tree

Hold the water, hold my hand

Takes its time and time again Oh, there is no reason time to go

Oh there is no reason, play the show

Oh there is no reason Desperation #5

She takes a swim then takes a dive

She tries to hold her, hold her hand

Then down the muddy hand again
