

Crosstown Woman

Black Stone Cherry

I am just a man of blood and bone
And simple means
That old bossman works my body long and hard
But on the weekends you know I'm freeGot me a crosstown woman
Got me under her spell
Got me a crosstown woman
She's like my heaven with a whole lot of hellI have seen the girls of New York City
And the Frisco bay
But there ain't no woman on this earth, make me
feel her voodoo
Quite the sameGot me a crosstown woman
Got me under her spell
Got me a crosstown woman
She's like my heaven with a whole lot of hellWoo ooh woo ooh
Woo ooh woo ooh woman
Woo ooh woo ooh
Woo ooh crosstown womanGot me a crosstown woman
Got me under her spell
Got me a crosstown woman
She's like my heaven with a whole lot of hell
She's my Crosstown Woman
