Keep It 100

Bun B

Keep it 1
Keep it 100All day and all night
Nigga, anytime you see me, Ima keep it Super Tight
Im an underground king, reppin UGK
They give a damn what a mother fucker say, Ima keep it 100All night and all day
Nigga, anytime you see me, mayne, I'm reppin P.A.
This is UGK for life, long live, Pimp C
And Ima never let a nigga pimp me, Ima keep it 100Cause this all that Ive ever known
All that Ive ever been, all that Ive ever shown
Get your shit together, clone, build a better prototype
You lookin like a mop and Im lookin for a floor to wipeI heard your album, mayne, if thats what you called it
Another Gangsta Fairytale and for that shit we aint fallin
Oh youre talkin, body slangin, bangin, bustin and ballin
But I aint seen your scary ass at all star in New Orleans
(All star in New Orleans, nigga)Im tried mayne, this shit is gettin older than Moses
Pussy niggas always prowlin with poses
Look mayne, all it really shows is how hard you aint
A nigga punch your ass to the mouth, youd probably faintNot from the power of the punch but the shock
Cause you a coward and niggas gon devour, youre lunch
A bunch of niggas done tried but aint too many done it like me
Its Bun B, the UG and Ima keep it 100All day and all night
Nigga, anytime you see me, Ima keep it Super Tight
Im an underground king, reppin UGK
They give a damn what a motherfucker says, Ima keep it 100All night and all day
Nigga, anytime you see me, mayne, I'm reppin P.A.
This is UGK for life, long live, Pimp C
And Ima never let a nigga pimp me, Ima keep it 100Cause thats exactly what the Trill do
Aint nobody tellin' me what I won't or I will do
If I dont feel you, you lucky that I dont kill you
Leave you leakin till youre [Incomprehensible], for real dudeI got the skill to, dont make me have to show it
Cause itll be over before you know it
You get one shot and I suggest you dont blow it
If I do it, I only do it, reap it, you gon sow it
(You reap it, you gon sow it)Im a revolutionary black gangster
You fuckin with fire, fuck around and get a blister
I fuck with a papa then fuck around and hit a sister
Underground king, motherfucker, call me mister
(Mister what?)Kilogram, Mister Wood-grain, Mister Brick
And unless you the Missus get off the Mister Dick

Cause this the shit that have these motherfuckers
Runin for the hill from the king of the Trill
Cause I keep it 100All day and all night
Nigga, anytime you see me, Ima keep it Super Tight
Im an underground king, reppin UGK
They give a damn what a motherfucker says, Ima keep it 100All night and all day
Nigga, anytime you see me, mayne, I'm reppin P.A.
This is UGK for life, long live, Pimp C
And Ima never let a nigga pimp me, Ima keep it 100Cause now a days motherfuckers lie
Some to your face, some cant even look you in the eye
Some in this place, some just left and some just comin by
A little later, probably a little haterAnd they go through an invade us, tryin to prove their the greatest
And they still gon be wronger than Bun, so holler later
Im leavin, Im not a waiter but Ill end up servin you
They tryin to step up to the likes of me, why, the nerve of you?But lie? Never and I do declare
Im bout to fuck the game up, so its best you prepare
Pullin on your beef cause I venom be spittin
Red hot fire, so you better bring mittensBut you a pussy and your partner is kittens
Ill do em and when Im done theyll be like, No, he didnt
Get your toilet paper, nigga cause Im gonna be shittin
Now, youre really gon hate us, with no quittin
And Ima keep it 100All day and all night
Nigga, anytime you see me, Ima keep it Super Tight
Im an underground king, reppin UGK
They give a damn what a mother fucker says, Ima keep it 100All night and all day
Nigga, anytime you see me, mayne, I'm reppin P.A.
This is UGK for life, long live Pimp C
And Ima never let a nigga pimp me, Ima keep it 100
