

Head

moe.

Over and over,
Again and Again,
Keep my head down,
It's my friend,
Other wonders, I can't explain,
As I fall into this life again
When it's over,
In the end,
My head's all empty,
It's my friend.
Withered under
Slated rain,
As I fall into this life again.

Prayin, I just can't get enough so I keep on,
Prayin, I just can't get it up, so I keep on,
Prayin, I just can't get enough so I keep on,
Prayin'.

Weather, thunder,
Ample rain,
I get my feet wet,
I get my pain,
Over and under,
fields of green,
I get my head wet,
I keep it clean.
When it's over,
In the end,
My head's all empty,
It's my friend.
Other wonders, I can't explain,
As I fall into this life again

Prayin, I just can't get enough so I keep on,
Prayin, I just can't get it up, so I keep on,
Prayin, I just can't get enough so I keep on,
Prayin'.

It's in my head!

It's in my head!

It's in my head!

Prayin, I just can't get enough so I keep on,

Prayin, I just can't get it up, so I keep on,

Prayin, I just can't get enough so I keep on,

Prayin'.

Prayin, I just can't get enough so I keep on,

Prayin, I just can't get it up, so I keep on,

Prayin, I just can't get enough so I keep on,

Prayin'.
