Disconnect

Digital Summer

[Intro]
Can anybody get this?
Is anybody receiving this transmission?
Can anybody hear this?
Can anybody hear me?
Is anybody out there?

[Verse One]
There must be a way
To cut the cord
I'm not ungrateful
I just need more
Than the simple
Life I was given
I'm searching for something
[To believe in]

[Chorus]
Disconnect me
From this awful dream
This world is not designed for me
DISCONNECT ME!
DISCONNECT ME!

[Verse Two]
And now is the time
To disengage
To break away
And escape from the cage
That I live in
The cell
That contains me
Its holding me hostage
And
[You can't save me]

[Chorus]
Disconnect me
From this awful dream
This world

Is not designed for me

I reject this reality
I reject this reality
I reject this reality

[Bridge]
Its not what I wanted
I'd give it all away
I'm willing to give up
Everything it's true
I've become
Numb to it all
Careless to the world
Just waiting for the fall
DISONNECT ME!
DISCONNET ME!

[Chorus Outro]
Disconnect me
From this awful dream
This world
Is not designed for me
I reject this reality
[Disconnect me from this awful dream]
I reject this reality
[This world Is not designed for me]
I reject this reality
I'm rejecting everything
In this pathetic life I live
Disconnect me from this
Life I live
That I can't live without
Disconnect me
