

Breathe, Stretch, Shake

Ma\$e

This is what I sound like after five years
(You back, kid)
Why do I feel I still got the flow?
(You back, kid, Bad Boy for real, let's go) Before '99, I was born again
Five years later and I'm on again
Man, I think I'm born to win
Mase broke, that's a oxymoron
Forget a bus, I bought a drop to tour on
G-4's what I soar on
You thinkin' I ain't hot, you so wrong
Sorry for the prolong
But now life goes on
Long list of hits and it goes on I wake up and I don't even feel like a star
And man I'm getting a million a bar
Indeed I need not take no lie
Man, ya'll gonna make me cry
It's kinda eerie when you hear me
Ya hairs stand up
Been a change of plan
Rip your old plan up
Instead of hatin'
Help me lift the big man up
(As we proceed, come on, yeah, yeah) Awake these people up and show them they keep dreamin'
Breathe, stretch, shake, let it go
Breathe, stretch, shake, let it go
Wake these people up and show them they keep dreamin'
(Betha I love this one, endeavor for real, Bad Boy)
Breathe, stretch, shake, let it go
Breathe, stretch, shake, let it go Some days I make thousands
Some days I make millions
Spend my day chillin'
Coupe's with suede ceilings
Everybody out there wanna know what Mase got
Way hot gray drop Maybach gray yacht
And that's just the way it be
Favor, people wanna pay for me
When I'm in Mr. Chows, they waive the fee
And I don't chase money, man
Money chase me I give my wife things that she dream and more

I give a little bit and she fiend for more
 (Let's go)
 I'm back like Moses to bring the law
 (Come on)
 Brand new saint Mase in mean velour
 I had bling before you ever seen the tour
 Fans from Iran and Singapore
 And grown men beg me to bring them on tour
 Even if it mean they gotta sleep on the floor
 (Let's go, as we proceed , let's go)Awake these people up and show them they keep dreamin'
 Breathe, stretch, shake, let it go
 Breathe, stretch, shake, let it go
 Wake these people up and show them they keep dreamin'
 (This for real, Bad Boy, elaborating)
 Breathe, stretch, shake, let it go
 Breathe, stretch, shake, let it goI used to be the guy stood next to Diddy
 Crucified for bringin' sex in the city
 Even though the girls think I'm extra pretty
 How I know? I ain't got no extra wit me, oh
 With the fist tight flow
 Wit a wrist like wow
 What if this might blow
 Ain't no if I know
 I'm the man to plan the way
 This ain't my life
 I've become a saved
 (Say what?)Put up a good fight
 Like its Mandalay
 Hate the game, but it made a man a man
 Gone for a while, it's like I ran away
 God time now, and I don't plan to play
 I'm only here for the one thing you lack
 And make DJ's scratch, is he, is he back?
 Kids in the hood stutter it's a it's a fact
 It's the kid resurrected it's a it's a wrap
 (As we proceed, to give you what you need, he's back)Awake these people up and show them they keep
 dreamin'
 Breathe, stretch, shake, let it go
 Breathe, stretch, shake, let it go
 (I wanna see y'all out there)
 Wake these people up and show them they keep dreamin'
 (Let's work this, let's work now)
 Breathe, stretch, shake, let it go
 Breathe, stretch, shake, let it goWake these people up and show them they keep dreamin'
 (Let's work, turn the lights on somebody)

Breathe, stretch, shake, let it go

(Let's work)

Breathe, stretch, shake, let it go

(Let's work) Wake these people up and show them they keep dreamin'

(I like this right here, I like this right here)

Breathe, stretch, shake, let it go

Breathe, stretch, shake, let it go

(For real, Bad Boy)
