

# Cracking The Whip

## InMe

Liberation day, face down in the reservoir, where's your street credibility now?

(Theo has dropped his crown)

Mirror-imaged shadows, passive fragments floating

A dignified loss suits you just fine my friend  
Forgotten soldiers daydream

Your courage is not what it seems  
Please forgive me, please believe me 'Cause our faith is strong

I don't deserve you I'll rest forever in this honesty eyes closed

Breaking the war-chest the soldiers complex, we just need more time

Just get on your knees and know that I'll be the one cracking the whip from here on  
In bed with the moon

flower, contradict the nestling

They think that your some kind of power elite

(Stay strong stay) true

Dreaming of nostalgia, emerald still gleaming

Every snowflake pleads not guilty in an avalanche  
Please forgive me, please believe me 'Cause our faith is strong

I don't deserve you I'll rest forever in this honesty eyes closed

Breaking the war-chest the soldiers complex, we just need more time

Just get on your knees and know that I'll be the one cracking the whip from here on  
This is goodbye, why will

neither of us cry?

If the battle is won, why must we always come undone?  
Please forgive me, please believe me 'Cause our faith is

strong

I don't deserve you I'll rest forever in this honesty eyes closed

Breaking the war-chest the soldiers complex, we just need more time

Just get on your knees and know that I'll be the one cracking the whip from here on
