Baby I'm YoursÂ (Siriusmo Remix)

Breakbot

I thought I had it all together
But I was led astray
The day you walked away
You were the clock
That was ticking in my heart
Changed my state of mind
But love's so hard to findYour feelings change like the weather
Went from clear to grey
On that cloudy day
How can I go on
With that bomb in the palm
Love's so hard to find
When someone's on your mindListen baby
Your wish is my command
Baby won't you understand
That your wish is my command
What can I do to make
My baby understandSomething tells me that I'm dreamin'
I can see us there
Waving unaware
Of problems that have a tendency to keep
Keep the truth confined
Far from our mindsYou need someone you can believe in
This I do declare
Trust me I'll be there
The road that leads to heaven can be so steep
I will help you climb
Change your state of mindListen baby
Your wish is my command
Baby won't you understand
That your wish is my command
What can I do to make my baby understand
Your wish is my command
Baby won't you understand
That your wish is my commandI can see us there
Waving unaware
This I do declare
Trust me I'll be thereI can see us there
Waving unaware

This I do declare
Trust me I'll be thereI can see us there
Waving unaware
This I do declare
Trust me I'll be thereListen baby
Your wish is my command
Baby won't you understand
That your wish is my command
What can I do to make my baby understandFollow me into, into my sleep
Baby I'm yours, I'm yours to keep
You've got the magic that entered my heart and my mindYour wish is my command
Baby won't you understand
Your wish is my command
Baby won't you understand
Your wish is my command
Baby won't you understand
Your wish is my command
Baby won't you understand
