

# You Come Around

[Scott Grimes](#)

I just say her name and rest my hand upon my face  
She's got eyes of blue and gold  
Well I wish she knew my name  
And that I sit and stare at her all damn day  
She needs me but she don't know Make no sound  
Make no sound  
Don't know what to do now  
I don't know what to do They came 'round the bend and no one else said nothin' then  
They just stared a painted picture to the wall  
Let's go 'round  
Let's go 'round, yeah CHORUS  
What you do to me  
I've got nowhere to run  
So I'm just gonna stand here 'til tomorrow  
'cause I'm so damn lazy  
I just look at the sun  
'Til it goes down or you come around  
You come around I know this must be another life  
I see your hand and it's holding mine  
Let's go there, go there, yes we will  
Well I came here to accomplish that the seeds of the roof that I once had  
And now I know where I'm going Let's go 'round  
Let's go 'round CHORUS Yes, you will CHORUS 'Til it goes down, don't make a sound  
'Til you come around  
You come around  
Comin' around  
You came around  
Yes you did You know if you should be there  
I'll always be there for you  
And if you need my shoulder  
Don't you know that I've got two?  
Your breath is like an angel's  
So breathe on me when you can  
And if you fall I will catch you  
I'm always gonna be your man  
Yes I am CHORUS...fade
