Out Of Time

Pretty Lights

[Verse 1: B.o.B]Do-Do-Do Hello Neighbors
Wake up now or say your prayers
Put it down your newspaper
Hello there bad news anchor
We don't want no more fables
We ain't goin die We ain't goin lay low
To the sky is what we aim for
From Venus to Mars
From Venus to Mars
[Chorus x2: B.o.B]The ticking clock The tick clock
Is counting down counting down
Like 5... 4... 3... 2... 1...
Your out of time out of time
[Verse 2: B.o.B]Like a Tornado This world is goin' round
There's nothing to wait for
Don't let it weigh you down... down... down... down...
I need to release

Release all these demons
Screaming at me
They must be defeated
Eventually some time this century
Please pardon me cause me I'm just ventin'
But people will bleed if we don't come to grips with
These evil seas that we playin with big business
They left us all defenseless
And still we so senseless
[Chorus x2: B.o.B]The ticking clock The tick clock
Is counting down counting down
Like 5... 4... 3... 2... 1...
Your out of time out of time
Like a Tornado This world is goin' round
There's nothin' to wait for
Don't let it weigh you down
Like a Tornado! This world is goin' round
There's nothin' to wait for
Don't let it weigh you
Down... down... down... down... down... down...
