Furry Walls

Hanson

Yeah, yeah
When the world slips you a Geoffrey
Stroke the furry wall
Stroke the furry wall
Furry walls don't bring me down
Furry walls please stay around
Furry walls, furry walls
Furry walls kiss me to sleep
Furry walls please help me weep
Furry walls, furry walls
Furry walls can take you on a magic carpet ride
Furry walls surround you till you got no place to hide
Let your furry fingers be your guide
Furry walls turn out the light
Furry walls please stay the night
Furry walls, furry walls
Furry walls says have a taste
Furry walls sit on my face
Furry walls, furry walls
Maybe I'm in heaven with the furry skies above
All around the furry clouds, look here's a furry dove
Let me stroke your furry walls of love
Furry walls, furry walls
Furry walls I am amazed
Furry walls we're in a daze
Furry walls, furry walls
Don't be in a hurry, things are not the way they were
Shaggy walls of loveliness
It's all a furry blur
Maybe I'm in heaven with the furry skies above
All around the furry clouds, look here's a furry dove
Let the walls caress you in a showering of love
Furry walls, furry walls
Furry walls, I'm gonna cry
Furry walls, please let me hide
Furry walls, furry walls
Furry walls, furry walls
Furry walls
