And I know you hea me clear

And you know I will be prepared
If you give me your body anywhere
In the heat of the night now our bodies entwine
You're all that I can feel
I'm losin' my breath every time
That you get a little closer to me

You touchin' me right and I'm holdin' you tight
You're like a midnight dream
Ready or not now, I'll give what I got

If you give it all to me
So, if you like it come and get close you e invited

And you know that I want you all on me
Well, out of the midst of the dance, girl, follow we leading
'Cause we no ramp fi give them what them be needin'
With them believin' we give them good seedin'
From mornin' right back down to evenin'
Wether the time or season, wether it warm or freezin'

Girls, inna di after party proceedings
'Cause I'm searchin' just to find a toppa top girl and you lookin' fine

So, if you like it come and get close you e invited

You know that I want you all on me
And if we e grindin' we won be done till sunshinin'
Tonight you gonna be mine
And you know that I want you all on me
C'mon now let's go, where nobody knows
You and me alone, you and me together
Wanna feel it in my soul, baby, take control
Love when you, ohh, make it last forever
C'mon now let's go, where nobody knows
You and me alone, you and me together
Wanna feel it in my soul, baby, take control
Love when you, ohh, make it last forever
So, if you like it come and get close you e invited
I know that you cannot hide it
You know that I want you all on me
And if we e grindin' we won be done till sunshinin'
Tonight you gonna be mine
And you know that I want you all on me
