

Heart Of The Dragon

DragonForce

Proud and so glorious, standing before of us
Our swords will shine bright in the sky
When united we come to the land of the sun
With the heart of a dragon we rideWe are flying on wings in winter sky
With fire burning deep inside
We are warriors of endless time, forever and on
On wings of steel an ancient flight
We see the powers that unite
The gods will now send us a sign of battles once moreThrough the valley we ride, full of glory we soar
Where the fights will be raging, for now and for more
When united we come and divided they fall
Tonight you will witness it allProud and so glorious, standing before of us
Our swords will shine bright in the sky
When united we come to the land of the sun
With the heart of a dragon we rideA land unknown, we come so far
We ride the night till morning star
When colours fade to black and white
Your eyes come to sightWith the vision of a great divide
You turn towards the other side
You think you run but you can't hide
The dead can not rideThrough the valley we ride, full of glory we soar
Where the fights will be raging, for now and for more
When united we come and divided they fall
Tonight you will witness it allProud and so glorious, standing before of us
Our swords will shine bright in the sky
When united we come to the land of the sun
With the heart of a dragon we rideOver high seas and mountains
We fly to the heavens
On wings of a dragon tonightProud and so glorious, standing before of us
Our swords will shine bright in the skyProud and so glorious, standing before of us
Our swords will shine bright in the sky
When united we come to the land of the sun
With the heart of a dragon
The heart of a dragon
The heart of a dragon we ride
