

# Somebody Needs You

## Westlife

I'm only human  
Sometimes I make mistakes  
If you forgive me  
I'm gonna do what it takes, yeah But now I know better  
To hurt you was wrong  
Girl it's with you I belong Somebody needs you like never before  
Somebody wants your love  
Baby open the door Don't you leave me alone  
Don't you turn off the light  
Somebody wants you  
Somebody needs you tonight I've been thinking  
We should be talking it through  
You must believe me  
I'll make it all up to you 'Cause now I know better  
To hurt you was wrong  
Girl it's with you I belong Somebody needs you like never before  
Somebody wants your love  
Baby open the door Don't you leave me alone  
Don't you turn off the light  
Somebody wants you  
Somebody needs you tonight  
Oh yeah, somebody needs you tonight In the dark  
When there's no one else around  
I still pray  
That our love can be found Somebody needs you like never before  
Somebody wants you  
Baby open the door Don't you leave me alone  
Don't you turn off the light  
Somebody wants you  
Somebody needs you Somebody needs you like never before  
Somebody wants your love  
Baby open the door Don't you leave me alone  
Don't you turn off the light  
Somebody wants you  
Somebody needs you tonight
