

Snow

Chrisette Michele

I want to be your all but
I have to be a soldier
I want so bad to focus
Throw my feet right from under me
But a change that no one ever once made for me
Not that I'm scared to love you
I'm tryin to protect you I'm not the one you should be running to
I'm not the one you want to get close to
Tried to be warm,
Something went wrong
Trying to warn you My temperature's like snow
So cold
Let me melt here
Into your arms like snow Can't stay outside forever
Not in this type of weather
You should be somewhere nicer
With someone so much kinder
Please, believe me
When I say you should be somewhere
With someone special
I'm tryin' to protect you I'm not the one you should be running to
I'm not the one you want to get close to
Tried to be warm,
Something went wrong
Trying to warn you My temperature's like snow
So cold
Let me melt here
Into your arms like snow Never seen something so beautiful
You're so bad but you
I must be much more than you used to
I, I never felt something so beautiful
But I wanted to be yours for so long So cold
So cold
So cold
Let me melt here
Into your arms like snow
