

# Dreams (feat. Laura Brehm)

## Rogue

Sometimes I can hear you calling  
Telling me that I'm a fool Well I can dream,  
I can dream  
That we'll see a brighter day,  
I can see in your eyes that we're through And I'm alive,  
More alive than I've ever been your way (x2) Well I can dream,  
I can dream  
That we'll see a brighter day,  
I can see in your eyes that we're through And I'm alive,  
More alive than I've ever been your way (x4) Well I can dream,  
I can dream  
That we'll see a brighter day,  
I can see in your eyes that we're through Sometimes I can hear you calling  
Telling me that I'm a fool  
[male] :  
And when I see you in the morning  
Will you still want to be true? I can dream ([female] Oh I can dream)  
I can dream ([female] Oo oo oo)  
That we'll see a brighter day ([female] That we'll see a brighter day) And I'm alive,  
More alive than I've ever been your way (x4) Well I can dream,  
I can dream  
That we'll see a brighter day,  
I can see in your eyes that we're through.
