Scene Two - Roger Rabbit

Sleeping With Sirens

Is there a right way for how this goes
You've got your friends
And you've got your foes
They want a piece of something hot
Forget your name like they forgot
Ain't that something
Some wanna see you crash and burn
Criticize your every word
I'm trying to keep from going insane
Ain't that the way of this whole damn thing
Trying to be something..
More
Nobody's gonna love you if
You can't display a way to capture this
Nobody's gonna hold your hand
And guide you through
No it's up for you to understand
Nobody's gonna feel your pain
When all is done
And it's time for you to walk away
So when you have today
You should say all that you have to say
Say all that you have to say
Is there a right way for being strong
Feels like I'm doing things all wrong
Still I'm here just holding on
Confess my heart and forgive my wrongs
Just trying to show you something..
More
Nobody's gonna love you if

You can't display a way to capture this
Nobody's gonna hold your hand
And guide you through
It's up for you to understand
Nobody's gonna feel your pain
When all is done
And it's time for you to walk away
When you have today

You should say all that you have to say
Don't point the blame when you can't find nothing
Look to yourself and you might find something
It's time that we sorted out
All of the things
We complain about
So listen close to the sound of your soul
Take back a life
We led once before
If it ain't you then who
If it ain't you
Then who's gonna love you
Nobody's gonna love you if
You can't display a way to capture this
Nobody's gonna hold your hand
And guide you through
It's up for you to understand
Nobody's gonna feel your pain
When all is done
And it's time for you to walk away
When you have today
You should say all that you have to say
So when you have today
Say all that you have to say
