

# Troy

## SinÃ,Ã©ad O'Connor

I'll remember it  
And Dublin in a rainstorm  
And sitting in the long grass in summer  
    Keeping warm  
I'll remember it  
    Every restless night  
    We were so young then  
    We thought that everything  
We could possibly do were the right  
    Then we moved  
    Stolen from our very eyes  
And I wondered where you went to  
    Tell me when did the light die  
        You will rise  
        You'll return  
    The phoenix from the flame  
        You will learn  
        You will rise  
        You'll return  
    Being what you are  
    There is no other Troy  
        For you to burn

And I never meant to hurt you  
    I swear I didn't mean  
        Those things I said  
    I never meant to do that to you  
Next time I'll keep my hands to myself instead  
    Oh, does she love you  
    What do you want to do?  
    Does she need you like I do?  
        Do you love her?  
        Is she good for you?  
        Does she hold you like I do?

    Do you want me?  
        Should I leave?  
I know you're always telling me  
    That you love me

Just sometimes I wonder  
If I should believe  
    Oh, I love you  
    God, I love you  
I'd kill a dragon for you  
    I'll die  
    But I will rise  
    And I will return  
The Phoenix from the flame  
    I have learned  
    I will rise  
And you'll see me return  
    Being what I am  
    There is no other Troy  
    For me to burn

And you should've left the light on  
    You should've left the light on  
    Then I wouldn't have tried  
    And you'd never have known  
And I wouldn't have pulled you tighter  
    No I wouldn't have pulled you close  
    I wouldn't have screamed  
    No I can't let you go  
    And the door wasn't closed  
No I wouldn't have pulled you to me  
    No I wouldn't have kissed your face  
You wouldn't have begged me to hold you  
    If we hadn't been there in the first place  
Ah but I know you wanted me to be there oh oh  
    Every look that you threw told me so  
    But you should've left the light on  
    You should've left the light on  
    And the flames burned away  
    But you're still spitting fire  
    Make no difference what you say  
        You're still a liar  
        You're still a liar  
        You're still a lawyer
