

# A Call From The Other Side

## Gluecifer

Come on and get it while it's here  
'Cause it's running out and you're in a rush  
Don't wanna get it over there  
Wanna get it here but you ain't the first  
Come on and get it from me  
Come on and get it fast  
Come on and get it while it's here  
'Cause it's fading out and it ain't gonna last  
Hear a call from the other side  
I'll give you one good reason  
One that's gonna get you high  
I got it sitting at my place waiting for you to call  
I got it sitting here  
I got it ready, got it wrapped, waiting for your call  
And I'm itching here  
You're like a glass of water  
And I'll throw you on the coals  
You're like a glass of water  
I'll throw you on my coals  
Hear a call from the other side  
I'll give you one good reason, one to be reckoned  
One that's gonna get you high  
Yeah, hear a call from the other side  
I'll give you one good reason  
One that's gonna get you high  
One good reason, one good reason  
One good reason to go out on a limb  
One good reason to face the void  
One good reason to leave the rest behind  
I'll give you one good reason  
Hear a call from the other side  
I'll give you one good reason  
One that's gonna get you high  
I'll give you one good reason, one to be reckoned  
One to get it going, it is time to put the rest behind  
I'll give you one good reason to go out on a limb  
To face the void, to be looking it right into the eye  
One good reason  
One good reason  
One good reason
