Hung Up On Me

Those Darlins

One ringy dingy dingy
Two dingy dingy dingy
Pick up the goddamn phone!Just keep callin on me but I wish you'd leave me alone
'Cause you hung up on me
And now you're callin me back
You walked out on me
Now you come crawlin backRemember when we used to love each other
And our lives were full of color?
Well now they're black
And all the good times we had
Then it went from good to bad
You can't go back'Cause you hung up on me
And now you're callin me back
You're hung up on me
But you're not bringin me backRemember when we drank all that whiskey
And you said that you would miss me?
Well you're still gone
Said that you believed in me
Said you'd never leave me
Well now I'm aloneLeft me for the open road
The goddamn lonely open road
It's longAnd you hung up on me
And now you're callin me back
And you're hung up on me
Just not bringin me backOne ringy dingy dingy
Two dingy dingy dingy
Pick up the goddamn phone!
Just keep callin on me but I wish you'd leave me aloneOne ringy dingy dingy
Two dingy dingy dingy
Pick up the goddamn phone!
Just keep callin on me but I wish you'd leave me alone
I wish you'd leave me alone
I wish you'd leave me alone
