Fevered

Amen

A nation of fools, a nation of lies
For 1000 fools, for 100 lies
Believe nothing that I tell you
Believe nothing that I sayFever, you got fevered
Fever, you got the feverAnd going down on everything I wanted
I'm sucking off, yeah anything diseased
This that, this and that, this and that
Bombing every fear I needFever, you got the fever
Fever, you got the feverOh why can't you feel the bombs around you?
Coming home and falling on you
Try, try, get it, try
Try, try, try, tryFevered
Got you fevered
Got you fevered
Got you fevered
Fevered
