

# Fevered

## Amen

A nation of fools, a nation of lies  
For 1000 fools, for 100 lies  
Believe nothing that I tell you  
Believe nothing that I say  
Fever, you got fevered  
Fever, you got the fever  
And going down on everything I wanted  
I'm sucking off, yeah anything diseased  
This that, this and that, this and that  
Bombing every fear I need  
Fever, you got the fever  
Fever, you got the fever  
Oh why can't you feel the bombs around you?  
Coming home and falling on you  
Try, try, get it, try  
Try, try, try, try  
Fevered  
Got you fevered  
Got you fevered  
Got you fevered  
Fevered
