

Throw Out the Map

Incubus

I want to lose my mind
I want to shed my skin
Dive in the deep end head first
A brick in a river
Under the pale blue lines
Look at the big sky spin
I'm holding out 'til I see heaven and hell
Where? Where? Where do we go from here?
Where? Where? Where do we go from here?
Throw out the map!
Don't look back!
Throw out the maaap!
Yeaaahh!... Yeah...
Am I alone down here?
Under the pale blue lines
Was that an offer or was that just an echo?
I want a new design
I need to shed my skin
Where do we go from here man?
Where do we go from here?
Where? Where? Where do we go from here?
Throw out the map!
Don't look back!
Throw out the maaap!
Yeaaahh! Throw out the map!
Don't look back!
Throw out the maaap!
Yeaaahh! Yeah... Oh...
I want to lose my mind...
Throw out the map!
Don't look back!
Throw out the maaap!
Yeaaahh! Throw out the map!
Don't look back!
Throw out the maaap!
Yeaaahh!
