

Without MSG I am Nothing

[mclusky](#)

Get carter to the phone, don't teach him how to cook
That'd kill him

Without it she is great, a little underweight
But still appealing Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness

Everywhere I look is a darkness, darkness I get my MSG from digital TV
Good consumer

You aren't the only one who has no trousers on
Good audition Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness

Everywhere I look is a darkness, darkness My my my my my my
My my my my my my

My my my my my my Get carter to the phone, don't teach him how to cook
That'd kill him

Without it she is great, a little underweight
But still appealing Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness

Everywhere I look is a darkness, darkness Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness
Everywhere I look is a darkness, darkness
