# Never Say Never

## Kmfdm

Me myself and I
Will defy
Promises in vain
Don't see eye to eye
Exile whatever it takes
I don't learn from my mistakes
I've got a naughty habit to break
Never say never 'cause I'd do it again
I'll never say never again
I confess
I'll never say never again
No, never say never 'cause I'd do it again
I confess
Candy apple red
Smears my skin
I like the feel of it
Spilling out over the edge
Biting my lip, carried away
Faster and harder
Blue in the face
Bad girl will you ever behave
Never say never 'cause I'd do it again
I'll never say never again
I confess

I'll never say never again
No, never say never 'cause I'd do it again
I confess
Let the flood begin
Blood letting
Wash away my sin
Never say never 'cause I'd do it again
I'll never say, I'll never say
Never again, never again
I'll never say never again
Never say never, never say never
'Cause I'd do it again
Yes, I'd do it again
Never say never 'cause I'd do it again

I'll never say never again
Never say never, never say never
(I confess)
Never say never, never say never
I'll never say never again
No, never say never 'cause I'd do it again
Never say never, never say never
(I confess)
Never say never, never say never
