Somewhere In the Darkness

Six Feet Under

Somewhere in the darkness, another dies
Somewhere in the darkness, a child cries
Somewhere in the darkness, you scream in vain
Somewhere in the darkness, it awaitsSomewhere in the darkness, an empty grave
Somewhere in the darkness, evil
Somewhere in the darkness, the winds have changed
Somewhere in the darkness, the dead awakeFrom the grave
A spirits curse
The demon seed
Is now unearthedSomewhere in the darkness, is the afterlife
Somewhere in the darkness, someone holds a knife
Somewhere in the darkness, the devil
Somewhere in the darkness, evilFrom the grave
A spirits curse
The demon seed
Is now unearthedSomewhere in the darkness, another dies
Somewhere in the darkness, a child cries
Somewhere in the darkness, you scream in vain
Somewhere in the darkness, it awaitsSomewhere in the darkness, an empty grave
Somewhere in the darkness, evil
Somewhere in the darkness, the winds have changed
Somewhere in the darkness, the dead awakeFrom the grave
A spirits curse
The demon seed, demon seed
Is now unearthedThe demon seed
The demon seed
The demon seed
Is now unearthed
Is now unearthed
