Hazy

Venkman's Ghost

You're right on time for the show
It's out your window, through your curtains,
nobody goes
So cold inside when nobody's there
It's down your hallway, through your front door
Nobody cares
This song I sing, it flows with the breeze
A flowers bloom will sure be doomed with no sun to see

Does anybody see?
Have we learned nothing at all?
It this just a vision,
Vision of a world that's gone hazy?

The kite you fly it falls from The sky
straight to the earth for what it's worth
The string wasn't tied
This club of horrors is ours to endure
So scorch the earth for what it's worth
It's gone evermore.
You drink my torment
And sadness like wine.
Rid the planet of its colors just because they shine

Does anybody see?
Have we learned nothing at all?
Is this just a vision,
Vision of a world that's gone wrong?
is it only me
who feels that the world has just gone hazy?
