Say When

Backyard Babies

She puts her voice mail
In my head
In every girl I see a bedC'mon be retarded
Don't wanna be bothered
When she spills out her problems for meSo here I am
Say when it's when
Once againThree A.M.
Say when it's when
Not you againWomen will win men
Climbing charts
I am the joker in your deck of cardsC'mon be retarded
Don't wanna be bothered
When she spills out her problems for meSo here I am
Say when it's when
Once againIt's three A.M.
Say when it's when
Not you againWhen I think your nickname suits your reputation
They call you 'Miss' I call you 'Ho'
She blew my fortune and my fame
With every target a different nameC'mon be retarded
I just don't wanna be bothered
When she spills out her problems for meShe spits out her problems
She's plain walkin' troubleSo here I am
Say when it's when
Once againIt's three A.M.
Say when it's when
Not you againSo here I am
Once againIt's three A.M.
Say when it's when
Not you againSay when
Say if
Say when
