

Season (feat. Lil Yachty)

Nessly

[Intro: Lil Yachty]

Might buy a river to go swimming
I was born rich like I'm Diggy Simmons
Teeth bright like a bowl of lemons
Need an old bitch that look like Robin Givens[Hook: Nessly]
It's my season, my season
They didn't miss me when I went and left my region
Now that they miss me they want me to send a beacon[Verse 1: Nessly]
Woke up like 8 in the morning
Recorded this like I'm on Sway in the Morning
I need the crib with the lake and a forest
My beta be foreign, I made her tourist, you
The only girl I want is [?] Jones
Forget [?], I'ma fly her home
I'ma buy [?] an island home
Put some diamonds on her collarbone
With my old hoes I would hide my phone
Old hundreds and they all a tone
Bitch my pockets is a college loan
It's money that you smell, it's not cologne
All year been on road
Green go, won't slow
I shot my shot
Boom boom, reload[Bridge: Nessly]
All year long
Summer, spring, winter, fall
All year long
Summer, spring, winter, fall
All year long
Summer, spring, winter, fall
All year long
Summer, spring, winter, fall[Verse 2: Lil Yachty]
Might buy a river to go swimming
I was born rich like I'm Diggy Simmons
Teeth bright like a bowl of lemons
Need an old bitch that look like Robin Givens
Might take a trip to get away
In the trap with the AK
Fucking on a bitch named Samantha

And her pussy wetter than a tidal wave
Phone been ringing all damn day
Hundred plays just to get made
Busting juggs in the hallway
Never went to class 'cause that shit was gay
I dropped out to make more money
Hit the hoes that look like snow bunnies
One to suck dick and one to fuck on me
Time's ticking so I need it now[Bridge: Nessly]
All year long
Summer, spring, winter, fall
All year long
Summer, spring, winter, fall
All year long
Summer, spring, winter, fall
All year long
Summer, spring, winter, fall[Hook: Nessly]
It's my season, my season
They didn't miss me when I went and left my region
Now that they miss me they want me to send a beacon
It's my season, my season
