

The Other Side Of Love

Jack Savoretti

The girl
Alone in her head
The tears
After what he said
The fear
Alone in the dark
The pain

She carries in her heart When all you've ever wanted is the freedom that you lack
If you find a way to get up
Keep on running and don't look back The other side of love
The other side of love
The other side of love
The other side of love The boy
So much to give
The lies
He's forced to live
The son
The father and his ghost
The faith

Hurts him the most When all you ever wanted it is the freedom that you lack
If you find a way to get up
Keep on running and don't look back The other side of love
The other side of love
The other side of love
The other side of love Somewhere
Hiding in the shadows
There's something

Everybody knows When all you ever wanted it is the freedom that you lack
If you find a way to get up
Keep on running and don't look back The other side of love
The other side of love
The other side of love
The other side of love We are angels
We are demons
We are children all the same
We are angels
We are demons
We are children all the same We are angels
We are demons

We are children all the same
We are angels
We are demons
We are children all the same
