Into the Sunset

Neil Finn

Here lies a place
Won't let me languish
Hears all my footsteps and waitsWatch how she fades into the sunset
A vision spectacular in graceHunger for the world, travel
Stimulating discussion, lift me
Faster into the weakness
Off the wall into blackness, giftedRed eyes reflect, open the suitcase
Spread all your clothes on the floor
Much like it was ten years ago
Time on the clock, I don't want to waste itHunger for the world, travel
Stimulating discussion, lift me
Faster into the weakness
Off the wall into blackness, gifted, giftedWatch how she fades into the sunset
Vision spectacular in graceHunger for the world, travel
Stimulating discussion, lift me
Faster into the weakness
Off the wall into blackness, giftedAnd I'm away from home
And it's a way of life and I'm a flyin' high
Now I'm a wheeling gull
Here now I come to rest
Under a lion rock, over marine paradeMaybe this time
Maybe this time
Here I'll stay
Maybe this time
[Inaudible]
