

# Awesome (Feat. Wale) [Prod. By Jokey]

## Juelz Santana

[Hook: Juelz Santana]

She awesome, she awesome

My bitch is so awesome

I been with all them

She better than all them[Verse 1:]

She look like the kind of girl that I would like to sponsor

Butt like a truck I think I'm gonna call her Tonka

Titties so pretty like she drew with a marker

If I could use two words to describe her she awesome

She awesome, I think I'm gonna ti, ti, tip her body booming like a system

I'm the radio killa, killa

Plus she hold it down for her n-gga

So she deserves everything I give her

Yeah I keep her fresh

Yeah I pay her rent

No I don't trip, n-gga I invest

Cause

[Hook x2][Bridge:]

Them other bitches don't know what to call them

But I know what to call you

You awesome, you awesome[Verse 2:]

She outta mind, she outta sight

F-ck a fire cracker, my bitch is dynamite

Thought I was superman, she got that kryptonite

And we so connected, satellite

These other bitches bugging

They just parasites

And they don't have a life

They wish they had your life

I'm never hungry cause you satisfy my appetite

That ass is apple right so don't mind if I have a bite

Look at you, you so f-cking beautiful

Standing there with nothing on

I know what to do with you

Look like a bag of mula got me thinking bout the jeweler

Not a ring, but a watch, matching rollies how I do ya

YSL, Chanel, Celine Mcqueen, that's a must

None of that canal street stuff

Got a smile like colgate

Smart with a dope shape  
Both rocking red bottoms looking like soul mates  
[Hook][Bridge][Verse 3: Wale]  
Pull up in that all what?  
What is that tour bus?  
What is that Giovanchi?  
Got these bitches star struck  
Now they speaking on us  
On me, on thee  
Fact that I got women by the armies in arm reach  
Salutening, misogynistic sue me  
And that convo got yo inspired mascato make her woozy  
And I gotta tell ya truly not your booty it's your beauty  
North as that plantic yes I'm gonna get you two seats truly out  
And that's a compliment baby love  
I'm just relaying all the feelings I don't say is much  
And really who gonna say it's love  
And really gonna say it ain't,  
But until that bouquet go up  
I tell you this errday[Hook x2][Bridge]
