When It Gives

Such Gold

Do I care at all? I know how things break
I won't be surprised when it happens to me, oh yeah
From twisting in ways one should never twist
You steamrolled me over, you'll know what I mean when it gives
When it gives
When will it give?
It will give when it gives
I don't care at all
I know that shit breaks and maybe I can walk myself through the pain
But I'm twisting in ways one should never twist
The news mauled over and over, you'll see when it gives
When it gives
Claw through a part of a door that was dead bolted shut
Puts us back in our place for now
