## Crossbreed

standing, fading,
seductively insane
careless, truthful, are not
even near the same
feeling, fearless, i hope
there's time to change
distance still remains, it's
just a phase that
i go throughi'm dead, but i'm still alive
starving and starting
my new life
begging and working
to have more
there's no remorse...
God, God it's just
a phase (that i go through)
the pain will stop soon
the needle's in now
i can't wait for this
to be overstranded and feeling
piercing eyes
staring out across the sky
watching and waiting
to explore
there's no remorse...
God, God it's just
a phase (that i go through)
the pain will stop soon
the needle's in now
i can't wait for this
to be over
