

# Flowerstand Man

## Faithless

'Bout a month ago, I'd never seen your face  
I'd never heard your voice, 'bout a month ago  
I'm a careful hunter and I have to say  
Before I found your love, 'bout a month ago  
Are you my boy or the flowerstand man?  
You bought such color to this place  
Are you my boy or the flowerstand man?  
With you I'm laid back  
I don't care if every river runs so dry  
I don't care if every species were to die  
I don't care about the Ozone layer  
I wouldn't notice if it wasn't there, oh no  
I don't care if we sell coke to Africa  
I don't care about apartheid  
I wouldn't notice if it all get better  
I don't care about the starving who've died  
You're my boy when the way you live and breathe  
I don't care about anything but you  
You're my boy when the way you live in me  
I don't care about anything but you  
Take me home  
Take me home  
Take me home
