Katchafire

You free jah rhythm
I come prepared I still jah living'
Everyday I skank till I'm illin
I want to see your hands if you feeling This native man original rude boy makin' you skank
Revival of jah music stand strong and use it
And shine and shine My people find time to slow down
Cause time keeps ticking everyday
You think you're really fly but you know now Reggae music keeps the doctor away
Reggae music in the morning keeps your head right
Reggae music in the evening keeps you're soul tight Reggae music music
