You'll Be In My Dreams Today

Screeching Weasel

I don't think that I'll ever
Forget the way you looked tonight
Forever in my mindI gave you stolen flowers
You gave me your last cigarette
You'll be in my dreams todayAnd you'll be in my dreams today
You'll be in my dreams today
You'll be in my dreams todayShowed me your new tattoo
And showed me all the rest
Now I can't think of nothing elseWe said goodnight this morning
And I remember the way you kissed
And you'll be in my dreams todayAnd you'll be in my dreams today
And you'll be in my dreams today
You'll be in my dreams todayThe bottle emptied and the sun came up
And I held your hand and walked you to the rosemont stop
I'm counting all the scratches and the bites
I'll count the minutes till we'll be together tonightYeah, we'll be together tonight
Yeah, we'll be together tonight
Yeah, we'll be together tonightI'll run my yellow fingers
All through your yellow hair
My yellow teeth will pull off your underwearThose shredded fishnet stockings
Make me remember the way you fucked
And you'll be in my dreams todayAnd you'll be in my dreams today
You'll be in my dreams today
You'll be in my dreams todayYou'll be in my dreams today
You'll be in my dreams today
You'll be in my dreams today
You'll be in my dreams today
