I Gotta Go Home

Will Smith

Yeah yeah yeah yeah yeah
Yeah yeah baby ohh yeah
Oh yeah oh yeah yeah
I don't want nothin' baby
Makin' me weak
Makin' me weak
Girl stop shakin' you got my will breakin'
Love in Jamaica but I gotta go home
I got my girl waitin', I'm supposed to land at eight and
If I'm not their then I can't go home
Ma you got me bakin', I'm about to make a mistake and
I'm about to ask you to take me home
Please stop shakin', you got my will breakin'
Love in Jamaica but I gotta go home
Ten days I'm in Jamaica workin'
Ain't had a chance to get out
And do too much a nuthin' else but a workin'
It's killin' me
Ain't had a chance to get that chicken jerkin'
Responsibility tasting victory but desire lurkin'
He callin' me, I been recordin' writing vibin' and rhymin'
Nothin' but heat haven't even had a chance to see the island
I need that
Me and the team we got a dreamer comin'
Despite we heard about through word of mouth is club asylum
Lets finish up and like the breeze of the seas we arrive at the party
Hostess she desire flirtin' heavily with me
Got me thinkin' things I really probably shouldn't be
Every time she move, she look at me
Girl stop shakin', you got my will breakin'
Love in Jamaica but I gotta go home
I got my girl waitin', I'm supposed to land at eight and
If I'm not their then I can't go home
Ma you got me bakin', I'm about to make a mistake and
I'm about to ask you to take me home
Please stop shakin', you got my will breakin'
Love in Jamaica but I gotta go home
Every time she moves
I don't know how to act

Came to get my groove on not to get my groove back
Her eyes deep enough to swim in, she grinnin'
Her innocence inspire thoughts of sin an'
Crazy right, she got a flower so long and smilin'
Her shakin' makin Jamaica seem like temptation island
I'm wilin' 'cause man she hot
What I'm a do
Feeling like the moment of truth
Making my conscious loving and move
What's a brother to do
Makin' me feen, desire the Jamaican queen
Making me hatin' to leave 'cause the shakin' is mean

Wind ya hips, got me going fine to this island miss
But I'm monogomous so far y'all
Girl stop shakin', you got my will breakin'
Love in Jamaica but I gotta go home
I got my girl waitin', I'm supposed to land at eight and
If I'm not their then I can't go home
Ma you got me bakin', I'm about to make a mistake and
I'm about to ask you to take me home
Please stop shakin', you got my will breakin'
Love in Jamaica but I gotta go home
Could it be deseree looking at me
Sending messages sweet as free
Trying to get away but she won't let me
Oh no I'm trying to get home
Tell me what else is a man to do
Temptation is coming at you
I love my girl I've seen something new
Oh no I gotta get home
