Sweet Ride

Rob Simonsen

AlrightGet your motor runnin' 'cause my engine's too hot
And the cooler's runnin' dry as a pimp
Get your things together 'cause I'm blowing my mind
And that Ronnie is an MTV starIt's my soul that's up at eighty
And my sweet ride has blown my lady away soon
My motor's runnin' wild and I'm goneGet your wheelers spinning 'cause I'm riding a lot
And my lady's back at home with her sins
Get your wheelers spinning 'cause I'm cruising at last
And my destination's somewhere betweenIt's my soul that's up at eighty
And my sweet ride love and tries who make sense
Man, I'm runnin' wild, now I'm goneHere comes RonnieIt's my soul that is up at eighty
And my sweet ride has blown my lady away soon
My motor's runnin' wild and I'm gone
