

# As We Go Up, We Go Down

## Guided By Voices

I can't terrorize, I see terror in your eyes  
As we go up, we go down  
I can't socialize, I'll be institutionalized  
As we go up, we go down And see the truth, yeah, is just a lie, oh  
And see the truth, yeah, is just a lie, oh I speak in monotone, "Leave my fuckin' life alone"  
As we go up, we go down As we go up, we go down  
(And see the truth, yeah)  
As we go up, we go down  
(Is just a lie) As we go up, we go down  
(And see the truth, yeah)  
As we go up, we go down  
(Is just a lie) As we go up, we go down  
(And see the truth, yeah)  
As we go up, we go down  
(Is just a lie)  
As we go up, we go down  
(And see the truth, yeah)
