

# Traveling Alone

Eric Peterson

Mountains rough this time of year  
    â€“Close the highway down  
â€“They don't warn the townâ€“â€“And I've been fighting second gear  
    â€“For fifteen miles or so  
â€“Trying to beat the angry snowâ€“â€“And I know every town worth passing through  
    â€“But what good does knowing do  
â€“With no one to show it toâ€“â€“And I've grown tired of traveling alone  
    â€“Tired of traveling alone  
    â€“I've grown tired of traveling alone  
â€“Won't you ride with me?â€“â€“I've grown tired of traveling alone  
    â€“Tired of traveling alone  
    â€“I've grown tired of traveling alone  
â€“Won't you ride with me?â€“â€“Won't you ride?  
â€“Won't you ride?â€“â€“I quit talking to myself  
    â€“Listening to the radio  
    â€“Long, long time ago  
â€“Damn near strangled by my appetite  
    â€“Ybor City on a Friday night  
â€“Couldn't even stand up right â€“â€“So high the street girls wouldn't take my pay  
    â€“They said come see me on a better day  
â€“She just danced awayâ€“â€“And I've grown tired of traveling alone  
    â€“Tired of traveling alone  
    â€“I've grown tired of traveling alone  
â€“Won't you ride with me?â€“â€“I've grown tired of traveling alone  
    â€“Tired of traveling alone  
    â€“I've grown tired of traveling alone  
â€“Won't you ride with me?â€“â€“Won't you ride?  
    â€“Won't you ride?  
    â€“â€“Paintin the outside lane I'm tired of answerin' to myself  
â€“Hard like the rebuilt part I don't know how much it's got left  
â€“How much it's got leftâ€“â€“I've grown tired of traveling alone  
    â€“Tired of traveling alone  
    â€“I've grown tired of traveling alone  
â€“Won't you ride with me?â€“â€“I've grown tired of traveling alone  
    â€“Tired of traveling alone  
    â€“I've grown tired of traveling alone  
â€“Won't you ride with me?â€“â€“Won't you ride?  
    â€“Won't you ride?
