

Shy Boy

David Lee Roth

On the stage I'm in a rage
But you I never fool
Well I can rock with anyone
But never alone with you
Somethin' starts a barkin'
Now deep inside of me
I need a classy woman
To knock me off my feet

[Chorus]

Shyboy, shyboy, shyboy, shyboy
Shyboy, shyboy, give it one more time boy
Shyboy, shyboy, shyboy, shyboy
Shyboy, shyboy, give it one more time boy

Oh, you make me nervous
More than I had planned
Would you wanna know me
If I wasn't in the band
Crazy feelings
Deep inside of me
I need a wild woman
To knock me off my feet

[Chorus]

Gotta keep things moving
Till my personality starts improving

[Chorus]

Gotta keep things moving
Till my personality starts improving

[Chorus]
