

# Dreaming (The Chainsmokers Remix)

## Smallpools

I see the place that we belong together, together  
Like we were something more  
And it felt like maybe we could last forever, forever  
But you led them to our hideout  
Forced their way inside now  
They want us to surrender, us to surrender But I could go all night  
Right here between their crossfire  
We'll send them up a message, I'll send a message saying  
Give it up give it up We've got no place to go  
Caught up in a rodeo  
Oh no please god tell me we're dreaming  
We've got nowhere to run  
They've all got loaded guns  
Oh no please god tell me we're dreaming  
Ohh  
Ahah  
Please god tell me we're dreaming Wait for the dust to settle down around us  
Around us  
And stick to what we know  
I think the air is finally safe to breathe again  
To breathe again  
The world is in your palm now  
So take a breath and calm down  
Cause you have been selected  
You've been selected A few will ever find out and  
If you don't see why  
Well  
At least you got your nest egg  
You've got your nest egg  
So live it up  
Live it up We've got no place to go  
Caught up in a rodeo  
Oh no please god tell me we're dreaming  
We've got nowhere to run  
They've all got loaded guns  
Oh no please god tell me we're dreaming  
Oh  
Ahah  
Please god tell me we're dreaming

Oh  
Ahah  
Please god tell me we're dreaming Well then give it up give it up  
Oh  
But you led them to our hideout  
Forced their way inside now  
They want us to surrender, us to surrender But I could go all night right here between their crossfire  
We'll send them up a message, I'll send a message saying  
Give it up give it up We've got no place to go  
Caught up in a rodeo  
Oh no please god tell me we're dreaming  
We've got no where to run  
They've all got loaded guns  
Oh no please god tell me we're dreaming  
Oh  
Ahah  
Please god tell me we're dreaming Oh  
Ahah  
Please god tell me we're dreaming
