Fly High

Brocas Helm

Looking for answers
Searching to find
Is it more than a nightmare
Or is it my mindWhat I've seen in my dreaming
I know we must flee
A black cloud from
a dark world
Has cast it's spell on meFly
Away from here
I want to fly high
Away from hereReady for action
Ready to roll
The plague of the Dark Lord
Has taken controlLet's find a rainbow
And climb on it's light
Soon we shall battle
With the armies of the nightSearch for answers
Search to find
More than a nightmare
In my mindWhat I've seen
I know we must flee
A dark cloud
Hangs over meEnd of a nightmare
I rise to find
I am not sleeping at all
And there's no place to hide
