

Are You With Me Baby

Billy Burnette

Life's too short to go too long like this
Forget where you came from or came here with
 Let's talk some serious business
Like just one kiss from your sweet lipsAre you with me, baby?
 We're wastin' precious time
 Are you with me, baby?
Then put your little hand in mineWe're burning moonlight, baby
 Please don't let me down
Are you with me now?Don't wanna make a scene
 Don't wanna cause a big fuss
 I got a little feeling 'bout the two of us
 My heart's beatin' hard and it's about to bust
Let's leave this party in a cloud of dustAre you with me, baby?
 We're wastin' precious time
 Are you with me, baby?
Then put your little hand in mineWe're burning moonlight, baby
 Please don't let me down
Are you with me now?As far as I can see we got an open road
 It can go on forever if we choose to go
 It's not a dream if you believe it's so
 There's just one thing that I need to know
