### What Kind of Love

I looked for love in every place I could  
thought it all I never found  
what I was looking for  
I needed so much more  
til the day that I found you  
and in you I found  
a love that knows no bounds

but What kind of love would take my place  
and die on a cross just to show me grace.  
And What kind of love would reach within  
And love me in spite of all my sins  
No greater love has any man ever known  
Than this kind of love

I Never met a man who could walk on water  
I Never met a man who could calm the raging sea  
I never met a man who could feed 5,000  
and make the blind man see  
but the love that He has for you and me  
it's undefineable  
it goes deeper than the sea

What kind of love would take my place  
and die on the cross just to show me grace.  
And What kind of love could reach within  
And love me in spite of all my sins  
No greater love has any man ever known  
No greater love has any man ever shown

Noooo no greater love has any man ever known

Wa wa woo oa

WhatWhat kind of love would take my place  
and die on a cross just to show me grace.  
And What kind of love would reach within  
And love me in spite of all my sins

Ohh what kind of love could take my place

and die on a cross just to show me grace.  
And What kind of love would reach within  
And love me in spite of all my sins yeahha

No greater love has man ever known  
than this kind of love  
than this kind of love  
this kind of love
