Our Time

Secondhand Serenade

Long road
Of premature decisions
Leaving me cold
With only good intentions
But its you, who
Takes my pain away
You know its you, who
Keeps me wide awake
You know it's you
It's you
This is Our Time to runaway
It's our time we don't have to stay here
Cause all the things that I never knew that I wanted
Are here with you
This is Our Time, forget the past
It's our time we could make it last
Cause all the things that I never knew that I wanted
Are here with you
Long day
Stopping me from saying what I want to say
I wish I could do better
But it's you, who
Know just what I mean
You know its you, who
See what can't be seen
You know it's you
It's you
This is Our Time to runaway

It's our time we don't have to stay here
Cause all the things that I never knew that I wanted
Are here with you
This is Our Time, forget the past
It's our time we could make it last
Cause all the things that I never knew that I wanted
Are here with you
This is the day we give our own lives away
And we won't do what they say, anymore (Oh oh oh)
We won't walk but we'll run

Until our freedom we've won
And we will know what this fight was for (Oh oh oh)
This is Our Time to runaway
It's our time we don't have to stay here
Cause all the things that I never knew that I wanted
Are here with you
This is Our Time, forget the past
It's our time we could make it last
Cause all the things that I never knew that I wanted
Are here with you
This is Our Time to runaway
It's our time we don't have to stay here
Cause all the things that I never knew that I wanted
Are here with you
This is Our Time, forget the past
It's our time we could make it last
Cause all the things that I never knew that I wanted
Are here with you
