Evil Within

Thunderstone

Can you hear my silent whisper?
Can you hear my confession?
Can you feel this rising anger?
Can you see me I'm burning inside?Evil thoughts running through my soul
I'll never stop acting my roleI will unleash my endless pain
I will unleash my fire
Come closer and take my hand
Come with me and you will understandEvil thoughts running through my soul
I'll never stop acting my roleThere are sinners and saints
There will be always treasures and waste
There will be always two ways to go
At the crossroads we stand lost and aloneThis feeling is haunting me
It's pulling me down
This madness is killing me
It's tearing my heart out, I'm loosing my mind
