Bring Night

Sia

Bring night, bring the night on
Bring a little bit of dance, bring a little bit of song, yeah
Bring night, bring the night on
I'm not sure I can wait and this day has felt so long, yeah
Bring night, bring the night on
The music cuts into me and I know it can't be wrong, yeah
Bring night, bring the night on
'Cuz all that we are after is a little bit of fun, yeah
Chase your shadow till the sun goes down
Chase your shadow till the sun goes down
Ooh, ooh, whoa, ohh, ooh, ooh, whoa, ohh
Bring night, bring the night on
Bring me the moon and stars and send away the sun, yeah

Bring night, bring the night on
Or maybe if I'm lucky I'll end up in your arms
Chase your shadow till the sun goes down
Chase your shadow till the sun goes down
Ooh, ooh, whoa, ohh, ooh, ooh, whoa, ohh
Chase your shadow till the sun goes down
Chase your shadow till the sun goes down
Chase your shadow till the sun goes down
Chase your shadow till the sun goes down
Ooh, ooh, whoa, ohh, ooh, ooh, whoa, ohh
Bring night, bring the night on
