## The One

## Cee Lo Green

So I find a reason to shave my legs each single morning So I count on someone on Friday nights to take me dancing again

To church on Sundays

To plant more trees and someday think of kids

Or maybe just to save a little money

You're the one I need

The way back home is always long

But if you're close to me I'm holding on

You're the one I need

My real life has just begun

'Cause there's nothing like your smile made of sun

In the world full of strangers

You're the one I know

So I learned to cook and finally lose my kitchen phobia

And so I got the arms to cuddle in when there's a ghost or a news

That brings insomnia

To buy more thongs, to write more happy songs

It always takes a little help from someone

You're the one I need

The way back home is always long

But if you're close to me I'm holding on

You're the one I need

My real life has just begun

'Cause there's nothing like your smile made of sun

You're the one I need

The way back home is always long

But if you're close to me I'm holding on

You're the one I need

My real life has just begun

'Cause there's nothing like your smile made of sun

(You're the one I need)

(You're the one I need)

You're my real life has just begun

(You're the one I need)

(You're the one I need)

Nothing like your smile made of sun

Nothing like your love

Nothing like your love

Nothing like your love
